Dear Sausalito Resident,

The Southern Marin Fire Protection District is preparing the installation and emergency testing of the outdoor notification system in the City of Sausalito. We are inviting the community to join the District with our community meetings to provide additional details behind what the system is and how it will be received by the community. *Presentation and Q&A to last approximately an hour.*

This is a Zoom presentation for the residents nearby:

**Spencer/Cloud View/Rodeo/Wolfback
Ridge/Glen/Lincoln/Woodward/George/Spring.**

All are welcome.

The date and time of all **future testing** is scheduled for:

The first Saturday of each month at 12 noon (1 minute)

We are asking for feedback from the community to help evaluate the effectiveness of the testing. Please use a camera device to scan the QR code and provide the data to assist. The program is called “Did You Hear It?” and relies on the community. *Thank you.*
