

FIREFIGHTERS & OFFICERS OF CHARACTER

IN PERSON 3-DAY WORKSHOP WITH DAVE ANDERSON
APRIL 30TH - MAY 2ND, 2024

Now is the time to invest in your firefighters and officers. When critical decisions which are made in the blink of an eye can determine the outcome of lives, it is vital to take training to the core.

At *Firefighters and Officers Of Character*, our team believes the decisions we make at critical moments are often a test of character. The solution is to go down to that core with character training.

Day 1: Become A Firefighter & Officer Of Character

On day one, we will focus on Becoming A Firefighter & Officer of Character. Together, we will learn about the 6 Habits of Character and how to practically apply them in our lives, thus becoming the leader we wish we had.

Day 2: Communicating with Character

On day two, we will learn how to influence growth, how to deal with conflict, and how to coach people based on their individual DISC personality assessment. We will then look at how each DISC style can apply the 6 Habits of Character.

Day 3: How To Lead A Team Of Character

On day three, we will learn what it means to Lead a Team of Character. We will teach you how to create an environment of trust and form character on your team by using the 6 Habits of Character.

"Becoming a Firefighter & Officer of Character had a tremendous impact and provided an opportunity to reflect and have a plan to be better in the future. Provides valuable and tangible tools to use as a leader."
